

Bracelet chart

Your "bracelet sizer" from kreitto.

CUT HERE

Paper method

- Print and cut out our bracelet sizer on the left.
- Fold the paper on the dashed line to see your preferred metric system.
- Wrap the paper around your wrist until it's comfortable.
- Mark the point where the paper meets the size you like for your bracelet.
- Make note of the size.
- DETERMINE: The number located is the length of the bracelet.
- TIP: Be careful not to wrap the paper too tight. Aim for a comfortable, snug fit.
- TIP: For the most accurate measure, have someone help you measure.
- TIP: Double check to be sure.

Ribbon method

- Cut a piece of ribbon.
- TIP: Make sure the ribbon is NOT elastic.
- MEASURE: Wrap it around your wrist for an accurate measurement.
- TIP: Be careful not to wrap it up tight. Aim for a comfortable, snug fit.
- Mark the point when it meets the size you like for your bracelet.
- DETERMINE: Compare your measurement with the chart on the left making sure you start from 0 point.

For accuracy, please ensure that PDF is printed at 100%.
